

Eagle River (Stream No. 111-50-10070) Tributary Nomination

Figure 1 Map of Area

Key

Point #	Location	Description
1	58.5344, -134.8028	Confluence with other uncataloged tributary to Eagle River
2	58.5345, -134.8030	Trap- 3 coho(60-80mm)

On 8-4-10 I tracked and trapped this small tributary. This tributary appears to provide rearing habitat and originates from a small wetland area. The stream channel in this area is approximately 10' wide and close to 4' deep. It is possible that the stream continues past my last point, however the water level was low and the stream channel was not well defined. I placed one minnow trap at point #2 and caught 3 coho salmon (60-80mm).
